ABOUT THIS WINERY

Olivier Humbrecht is one of the world's most renowned winegrowers. A Master of Wine who has been described by Robert Parker as the greatest white winemaker on earth. Yet he is very soft spoken, humble, and self-deprecating. He is a champion of terroir, biodynamic farming principles, and non-interventionist winemaking, whose family have been winegrowers in Alsace for 12 generations (since 1620).

The soil is made of compacted volcanic ash: hard angular rocks, and like many metamorphic rocks, it contains...

PRODUCTION NOTES

The grapes were spectacular in 2018. Perfect ripeness, but also perfect fermentation. This vineyard has an unmistakable energy and is capable to transfer it to the wine.
