ABOUT THIS WINERY

Grupo Artevino was founded from the expanding ambitions of the Anton Family. Originally coming from the restaurant world, the family owns the Michelin starred Zaldiaran. Understanding the complementary nature of food and wine the Antons' established Bodegas Izadi in Rioja and over the next decade they added Villacreces (Ribera del Duero), Vetus (Toro) and Orben (also from Rioja) with the goal to "make high quality wines from indigenous varieties"
