ABOUT THIS WINERY

The Cali family purchased the Rocca di Castagnoli estate in 1981 and immediately started renovations. Located in the commune of Gaiole in Chianti, 227 acres of the 2100 are planted to mostly Sangiovese and mostly on the famous galestro soils. Organic farming started in 2012 and certified since 2017. The goal is to make wines that speak of place and time and walk the fine line between traditional and modern Chianti Classico wines.

PRODUCTION NOTES

The grapes used to make this wine are produced in all the property's plots, 72 hectares around the medieval fortress and the village after which the company is named. The soils are medium-textured, rich in rock fragments typical of the Alberese area and limestone. Fermentation and Malolactic fermentation are carried out in stainless steel tanks. Ageing is in typical Chianti barrels and in steel then 6 months in the bottle before release.
