## **ABOUT THIS WINERY**

At Lucien Crochet the emphasis is on creating wines of finesse and complexity that are faithful to both terroir and vintage. The vineyards are located around the towns of Bué, Sancerre and Crézancy. Gilles Crochet, Lucien's son, makes the wines as naturally as possible using indigenous yeasts. Through hand picking, careful selection of the grapes and long, slow ageing 'sur lie', Lucien Crochet produces sophisticated and age-worthy Sancerre.

## **PRODUCT NOTES**

"Les Calcaires" by Lucien Crochet is a pure Sauvignon produced in one of the most prestigious and historic terroirs of origin: the Loire Valley. The deep and multifaceted minerality that characterizes the olfactory bouquet is an unmistakable feature of the calcareous soil of Buè, from which this label takes its name. The same flavor we find on the palate, more measured and enveloping
