About Concours des Vins Orange

Since it was established in 1952, the Concours des Vins à Orange has been rewarding the finest wines in the Côtes du Rhône and Rhône Valley. The competition means consumers can be fully confident that they are buying a quality product – whether a Côtes du Rhône AOC, a Rhône Valley AOC or a Vins de Pays. This distinction, recognised in France and internationally, enables makers, négociants and cooperatives to add value to their output and to raise the profile of their wines and terroirs.
