Hermitage 2019

Decanter
the world's best wine magazine

97 POINTS

A tasting of barrel samples of different lieux-dits: Péléal, Beaumes, Ermite, Le Méal, Bessards. Long, slow fermentations due to the high potential alcohols this year, some barrels reaching over 15% - at the limit of what the indigenous yeasts can handle. Even the Bessards component, which is usually so strict and skeletal, is full of fruit this year. The last exceptionally hot year was 2003, which produced a wine that was highly atypical, with notably jammy fruit. That's not the case in 2019 - the fruit is fresh and lively. It's hard to make a judgement at this stage; the alcohol is high, and may always feel warming. Either way, it will provide great pleasure and impact, despite its extreme style.
