EL ENEMIGO

Gran Enemigo Gualtallary 2018

DescorChadOS

96 POINTS

A savage example of Gualtallary, nearly 1,500 meters up in the northern Uco Valley. This is rich in herbal tones, as is dictated by the dominant variety (cabernet franc), especially if you consider that at this altitude, with the cool Andean conditions, that side is exacerbated. This is a perfumed and juicy red with savage tannins, as is usual in this zone, and the acidity corresponds to a mountain wine. This is 85% cabernet franc, and the rest is malbec, all aged in foudres for 15 months.

About Descorchados

Descorchados is the main reference for South American wines. Since 1999, this guide has been analyzing the wine scene in this part of the world, giving consumers and trade an overview of what Argentina, Chile and Uruguay produce, from the most expensive to the cheapest wines; from big wine companies to tiny artesanal producers. In order to expand our coverage, this year we have included the sparkling wines from Brazil, an amazing journey you must taste.
