96 POINTS

“ Translucent garnet a lovely, lifted note of initially juicy, ripe red cherry. With more air, dried Morello cherry is aromatic and comes with a herbal touch. The palate is wonderfully lithe: there is depth and density but an exquisite aromatic translucency that lends real elegance. The tannins are as firm as you would expect from Sangiovese, but also fine: with every crunch a new wave of Morello cherry aromas, highlighted by vivid acidity. The elegance is astonishing. Lovely and the poised opposite of a blockbuster. ”
