94 POINTS

The 2021 Morgon Sulphité has a slightly brighter nose, more red fruit (Morello cherries and raspberry) commingling with blood orange. I find less of the oyster shell element juxtaposed against the Non-Sulphité iteration. The tannins are very fine here, with perfect acidity. It is fresh and brittle in texture, with so much vivacity towards the crunchy finish. Wonderful. Initially, I preferred the Non-Sulphité but upon further consideration, this seems to convey more amplitude.
