97 POINTS

“Tasting the 2020 Adrianna Vineyard Mundus Bacillus Terrae next to the 2019 showed a different aromatic profile of darker fruit, denoting ripeness and sun. The wine was still very young with a luxurious, creamy texture and mouthfeel. 2020 was an extremely dry year (70% lower than the average with just 282 liters!), and the grapes were picked two to three weeks earlier. It has a bright, saturated color and a heady nose with ripe berries and a spicy, smoky twist from 19 months in oak vats. It's medium to full bodied, with a soft texture and velvety tannins, sleek and seamless.”

About Wine Advocate

The Wine Advocate was a bi-monthly publication and Robert Parker Wine Advocate continues this tradition, although articles and reviews are now published every week. The main goal is to publish regionally focused reports, which mainly offer wine reviews of new wine releases, but they also produce important vintage retrospectives and occasionally single-label verticals and producer profiles. Since 2019, Robert Parker Wine Advocate has been a wholly owned subsidiary of the Michelin Group.
