“

Not yet bottled but already incredibly impressive, the 2021 G2 will be Grenache-dominated but includes smaller amounts of Syrah and Graciano. It's loaded with red and black raspberry-like fruits as well as tons of floral, pepper, and spicy nuances, which carry to a full-bodied, pure, elegant red. It's remarkably complex for such a young wine and has incredible tannins and a gorgeous finish. Don't miss it.
