SANTA EMA

Syrah Gran Reserva 2019

DescorChadOS

92 POINTS

Coastal syrahs are often lush and ripe to a somewhat excessive degree. However, there's a new group of examples that go the other way, like this syrah from the granitic slopes of the Leyda Valley, which tend to offer a much fresher, less concentrated, less exuberant face of the variety. The tannins are fine and sharp, the acidity speaks of the fresh influence of the sea, and the fruit is red and crisp.

About Descorchados

Descorchados is the main reference for South American wines. Since 1999, this guide has been analyzing the wine scene in this part of the world, giving consumers and trade an overview of what Argentina, Chile and Uruguay produce, from the most expensive to the cheapest wines; from big wine companies to tiny artesanal producers. In order to expand our coverage, this year we have included the sparkling wines from Brazil, an amazing journey you must taste.
